DISPENSARY: SUPPLEMENT FOLLOW-UP - USA & CANADA

Dispensary Update

Where: <http://corepsych.com/nutrients>

In an effort to provide greater, even more cost effective CorePsych Treatment options I've arranged our recommended supplements into categories for improved efficiency for your self-management without additional discussion variables – available anytime, anywhere, night or day.

In this **CoreNutrients Fullscript Dispensary** you will note that my clinical/nutritional recommendations frequently carry specific instructions and useful downloads appropriate for each category to add further value. For example, here are specific directions on **How to Take Supplements** – in PDF: <http://corepsych.com/protocols>- This site will save you much time in the future.

How:

1. Take our **Lab Reviews &** office recommendations in hand, and first sign in at: <http://corepsych.com/nutrients>
2. Read down the left hand side of the dispensary page to find your category in our product catalogue and find the supplements in that category.
3. If it's confusing you can search for that supplement at the search box at the **Product Catalog** there.
4. Follow the Directions on my Recommendations as spelled out for example: 1001, or -100-1 - all detailed in the PDF Protocol download above.
5. **Customer Service:** You will quickly see that at our virtual CoreNutrients Store we have set up many easily followed protocols, explanations and reminders to keep you on track.

DISPENSARY FOR INTERNATIONAL CLIENTS

How: For a variety of reasons Fullscript is not available globally. To address that issue we built two different links for other options with Designs For Health nutrients.

1. **Amazon Designs for Health** – <http://corepsych.com/amazon> - For 15% off the first order and Free Shipping with Amazon Prime use this Promo Code at Checkout: **DFH16781**
2. **Designs For Health Select Webstore** – <http://corepsych.com/dha> - For 20% off the first order and Free Shipping on every order use this Promo Code at Checkout: **FIRST20**
